Everyone should assist in the coming celebration of the glorious Fourth at Highland as has been decided by the meeting held last Saturday evening. The committee will report to-morrow evening.

Miss Alvina Eisenmann was a passenger on Wednesday night's stage. She came unannounced to spend her summer's vacation with her father J. Eisenmann here and will pass the time between here and Pahranaagat Valley.

Dr. J. D. Campbell of Pioche, a representative to the Grand Lodge of Masons which meets at Reno on the 13th and to the Grand Lodge of Odd Fellows which at Wadsworth on the 18th, spent several days in town this week.—Wadsworth Dispatch.

The stage lines in this section are doing a fair business at present but complaints are still being heard of the route taken by the DeLamar stage. The main object of the change was to take away from Pioche the few dollars that is spent by passengers to and from DeLamar, as the change did not improve the mail schedule of either Pioche or DeLamar.

THE KEYSTONE MINING CO.

A Receiver Appointed to Conduct Its Operations.

The business affairs of the Keystone Mining Company, operating in Yellow Pine mining district in the southern part of this county, which have been in a bad state for a number of months past, are to be conducted for a time at least, through a receiver.

Judgments by default were taken against the Company, in the District Court last week for the claims of the lienholders and others. These embrace the miners who have been at work there for several months past as well as the material men and cover about \$180,000. In addition to this the suit of Jones Taylor for \$30,000 as purchase price on half the mine, sold and never paid for will not be determined until court sits again which will be about October next.

On these judgments and the pending suit of Taylor, application was made to Judge Talbot at Elko on the 8th inst., and all parties interested, connecting thereto, T. C. Williams was appointed receiver of the property with bond fixed at \$15,000 and authorized to issue certificates to the amount of \$10,000 for the necessary improvement of the property to work the middle and lower grade ores, of which a considerable quantity are uncovered in the mine.

Condor Mill Burned.

Word reached here last Saturday evening that the Condor mill was in ashes. The news was brought by John Cook who was informed of the fact on his way from Bullionville, by parties who had just come down the canyon. On investigation it proved that the fire occurred during the afternoon of Friday, the smoke from the burning structure being seen from Bennett Springs.

The mill was the property of J. Nesbitt & Bro. and has been shut down for a year. It was a quartz mill of fifteen stamps and its last operations were on the Jim Crow ore from Ferguson District. Nobody was living at or near the mill, it was off the road generally followed by travel and the conclusion is that the fire was incendiary. Such being the case vigorous efforts should be made to discover the offender and bring him to justice since acts of this character are more disastrous to the business life of a section than at first generally supposed.

The Milford stage was about five hours late last night.

Pickler sings to an audience of detectives: "You can't play in my yard."

Good reports continue to come from the prospects west of town and last Friday several samples were taken from a new strike made in John Bingham's mine, the assays running as high as twenty-three ounces in gold per ton. This is surprising and we only hope the quantity is there. The Old Timer is being developed and prospects for a good mine being opened up there is improving with every day's work.

A lease on the Yuba mine of the Pioche Con. Mfg. Co., has been secured by Wm. Lloyd and steam was to have been raised this morning preparatory to a resumption of work. That part of the shaft running through the porphyry belt is in bad shape and several hundred feet must be retimbered to insure the safety of the shaft for any length of time. The Yuba is one of the few silver mines which can be profitably worked in this section with silver at its present figure.

A shooting affray occurred in Kennedy, a mining camp about sixty miles south of Winnemucca, in which a prominent mining man and sheep owner named W. T. Jenkins shot a probably fatally wounded C. H. McIntosh. The men had a dispute over the ownership of some tailings worked in the Jenkins mill. At last accounts McIntosh was in a dying condition with a bullet wound over his heart, and Jenkins is under arrest. Some years ago Jenkins shot and killed a cattleman named Dean in Eureka county.

The Fourth of July meeting as called for took place last Saturday evening. After considerable discussion of the place and manner of celebrating the event, it was decided to have a public picnic at Highland and a committee of five was appointed consisting of the following named gentlemen: John R. Cook, J. B. Wheeler, Ed. Rawdin, W. D. Prewitt and H. E. Freudenthal. The committee will report to-morrow evening the cost of a barbecue, procuring teams for all that wish to participate in the celebration, also to arrange an appropriate programme for the day. As the present hard times does not permit of celebrating in the manner as was done heretofore, the plan as now adopted is very good and a first-class turn out should be the result.

Prof. Foster says a storm wave will cross the continent from June 13th to 17th and the next will reach the Pacific Coast about 18th, cross the western country by the close of the 19th, great central valleys 20th to 22nd and the eastern states 23rd. This storm wave will inaugurate the warm period of the month and the storms will be of more than the usual force. The storm center will take a northern route and indications of drought will prevail over the middle and southern states but these drought conditions will be changed extensively before the close of the month and copious showers will fall in many places. A warm wave will cross the country west of the Rockies about 18th, great central valleys 20th and the eastern states 22nd. A cool wave will cross the western country about 21st, great central valley 23rd and the eastern states 25th.

Many teams have arrived the past few days with machinery for the DeLamar Co. and goods for the merchants of the town.

A great improvement is being made on the saloon building of Messrs Petty & Dula by covering the front with redwood siding.

Sheriff Freudenthal, accompanied by Mrs. M. Carman and daughter Annie, arrived here Monday morning and took in the entertainment. They left for Pioche this morning.

The horse races of the past week have not been as exciting as was expected. Considerable quarreling took place between the owners of the several horses and as a result the races did not turn out as well as anticipated.

The school entertainment was the social event of the week and was a complete success in every particular. The entertainment took place in Vieta & Purtscher's new hall and by nine o'clock the house was crowded not even standing room was left. The programme was a very good one and all parts were well rendered. This being the first event of the kind here it was liberally patronized. After the programme had been rendered all hands participated in a dance which lasted until three o'clock Wednesday morning.

A perfect train of freight teams are now on the road between Milford and DeLamar. A considerable amount of freight for Pioche is at Milford awaiting shipment.

They have a saying in Germany that God knows everything, but that Emperor William knows it better. And that is what is the matter with Grover the Good in the United States of America. Messrs Price and Nutter are receiving cattle at Panaca to-day. The delivery at Spring Valley will be made next Monday. Nearly 2,500 head will be delivered at the two places, about 1,500 at Panaca and 1,000 at Spring Valley. The prices paid are not the best, but the cattlemen will be placed in easier circumstances for a time, than they have experienced for some time past.

A bashful country girl went into a store at DeLamar the other day carrying some chickens. The fowls had their feet tied to prevent their escape and the young woman in her confusion placed them on the counter. Now the young clerk is noted for his polite manners but he is not always grammatical, and he smilingly inquired: "Are you sure they will lay there?" "Oh, n-o-n-o sir," she stammered blushing, "they're all roosters" and the clerk hasn't done anything since.

Mrs. Hartley's Pardon Denied.

The Board of Pardons, which is composed of Chief Justice Bigelow, Associate Justice's Belknap and Bonfield, Governor Jones and Attorney General Beatty, met in the Governor's office and General Clarke presented petitions from various portions of the State asking for Mrs. Hartley's release. A petition from Spokane was also read. An affidavit was presented signed by physicians of Reno, stating that a woman in Mrs. Hartley's condition at the time of the killing was practically insane.

A protest against granting the pardon had been filed with the Board but it was not read at this sitting of the Board. The case was submitted and after a short deliberation the Board announced that the pardon was denied.

It must be a little humiliating to the Silver Party of Nevada papers to be obliged to acknowledge that a man in the mint during the Democratic administration of Garrard, discharge when the Republicans took command and put on again as soon as Adams was appointed has in any way been connected in the mint shortage, and especially so that his stealings have occurred as late as within the past two or three weeks.—Reno Gazette.

The free silver question in this country will ultimately be decided by the vote of the laboring men and therefore it is important that they should thoroughly comprehend it and particularly that they should know just what free coinage means to them. LEGAL NOTICE.

In the District Court of the Fourth Judicial District, County of Lincoln, State of Nevada.

In the Matter of the Estate of Richard Gorman, Deceased.

Order to Show Cause Why Order of Sale of Real Estate Should not be Made.

It appearing to the Judge of said Court, by the petition this day presented and filed by J. O. Galt, the Administrator of the Estate of Richard Gorman, deceased, praying for an order of sale of real estate, to pay the charges of Administration:

It is therefore ordered by the Judge of said Court, that all persons interested in the estate of said deceased, appear before the said District Court of the Fourth Judicial District, on Monday the 25th day of April, A. D. 1895, at 10 o'clock in the forenoon of said day or so soon thereafter as petitioner can be heard, at the court room of said District Court of the Fourth Judicial District, at the town of Pioche in said County of Lincoln, to show cause why an order should not be granted to the said Administrator to sell so much of the real estate of said deceased as shall be necessary: And that a copy of this order be published at least four successive weeks in the Pioche Weekly Record, a newspaper printed and published in said County.

G. F. TALBOT, District Judge.
Dated March, 20, 1895.
